

LANKA PRINCESS

In our beautiful Yoga Hall we offer daily several Yoga and Meditation lessons with our experienced native Yoga teachers. These exercises complement your ayurvedic cure perfectly, but you can also participate without having booked an ayurvedic cure.

There are many different forms of Yoga, Hatha Yoga is practiced at Hotel Lanka Princess. The Sanskrit word Hatha means "strength, obstinacy, oppression". This should underline the effort needed to reach the ultimate goal. Furthermore, the term becomes an expression of the unity of opposing energies (hot and cold, male and female, positive and negative, Sun and Moon). **The syllables "Ha" stands for sun (power, heating) and "tha" for moon (silence, cooling).**

It is a form of Yoga that is mentioned as early in the 15th century, in which the balance between body and mind is aimed above all through physical exercises (asanas), through breathing exercises (pranayama) and meditation.
